

AARAU-DALLAS, Jan. 7th, 2013:

Reycom launches the REC 3XS – state of the art IPTV/OTT settop box High performance, security, flexibility and green in one device!

At the upcoming 2013 Consumer Electronics Show (CES), Reycom of Switzerland, OEM/System Integrator will launch the brand new **REC 3XS** (Reycom Entertainment Center), a flexible high performance settop box. Based on the OMAP4470 processor and wireless connectivity solutions from Texas Instruments Incorporated (TI), the REC 3XS offers Android 4.2 (“Jelly Bean”) / Windows embedded® OS versions and is optimized for IPTV, OTT and APPs.

The settop box has high performance and flexibility in combination with multiple DRM, DLNA, Miracast®, ZigBee® RF4CE, *Bluetooth*® low energy support, thus geared to the needs of operators and OTT service companies.

The REC 3XS are equipped with SD-Card reader, SPDIF, TRRS, optional RJ11 connectors and much more.

Key features:

- IPTV / OTT (over the top) settop box
- High performance , high security for HD premium content and high quality
- Multi OS support (Android, Windows embedded, Linux)
- Applicable to any DRM solution – for example: PlayReady, Marlin, aso.
optional out of the box available
- TI’s OMAP4470 processor with:
 - Dual ARM® Cortex™-A9 at 1.5 GHz
 - Hardware-accelerated full HD video encode and decode
 - Outstanding graphic acceleration with the PowerVR®SGX544 GPU
 - TI’s industry-leading M-Shield™ Technology security subsystem
- TI’s WiLink™ 8.0 combo-connectivity solution with Wi-Fi and *Bluetooth* v4.0 support
- *Bluetooth* low energy (TI WiLink 8.0 solution) and RF4CE (TI CC2533) offer advanced-remote control possibilities

- Wi-Fi (MIMO) for higher bandwidth designed to support Wi-Fi CERTIFIED Miracast sink/display: demonstrating sink/display capability for home entertainment applications, streaming HD content direct from a tablet to the REC 3XS
- Green: Low energy – Ultra compact design: no fan

The **REC 3XS** – small (120 x 120 x 30 mm sized), green, flexible and powerful.
The newest IPTV/OTT settop box for operators or content owners.
